

**AL-RAFIDAIN VISION
OIL & GAS COMPANY**

BUILDING VISIONS, SHAPING THE FUTURE
Experienced & Reliable Company

AL-RAFIDAIN VISION OIL & GAS COMPANY (ARV)

We Provide Professional Solutions to Deliver Safe & Efficient Projects.

Al-Rafidain Vision Company stands as a prominent figure in the oil and gas industry, excelling in the realms of construction, engineering, project management, and the procurement of essential materials, equipment, and components. Our firm proudly represents a diverse portfolio of esteemed brands within the oil and gas sector through multiple agency partnerships. We are committed to our unwavering core values such as quality, health, safety, environmental, and client satisfaction. Our mission is to construct projects and to shape the future landscape of the industry.

OUR VISION

Empowering Oil and Gas through expert construction and procurement solutions, our mission is to build a sustainable future with precision and innovation.

We Offer a Range of Services in The Oil and Gas Field to Meet All Types of Needs.

ABOUT US

We prioritize uncompromising quality in every project, while concurrently safeguarding the environment through stringent environmental management practices, setting a benchmark for excellence in the Oil and Gas construction and procurement sector.

Our dedicated team of industry experts possesses a wealth of experience, innovation, and unwavering commitment, enabling us to deliver exceptional results and drive success in Oil and Gas construction and procurement.

OUR EXPERIENCES

With decades of proven expertise, our team has navigated the complex terrain of Oil and Gas construction and procurement, consistently delivering efficient solutions tailored to the industry's unique challenges.

OUR TEAM

Our team consists of highly skilled professionals, including architects, engineers, project managers, and construction workers. Together, we ensure that every project meets the highest industry standards.

WHY YOU CHOOSE US?

We are a trusted and reliable partner dedicated to engineering excellence. Our advantages are:

- Engineering Expertise.
 - Efficiency.
 - Quality Focus.
 - Risk Mitigation.
 - Client-Centric Approach.
 - Proven Success.
 - Global Network.
-

OUR MISSION

Pioneering the future of Oil and Gas infrastructure with cutting-edge construction and procurement, our vision is to be the industry's benchmark for excellence and sustainability.

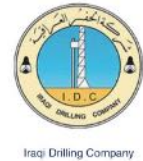

Empowering Oil and Gas through expert construction and procurement solutions, our mission is to build a sustainable future with precision and innovation.

OUR SUSTAINABILITY

Promoting environmental responsibility and social progress, we are committed to minimizing our ecological footprint, fostering community engagement, and championing sustainable practices across the Oil and Gas construction and procurement industry.

OUR CLIENTS

We Believe Every Client is a Valuable Long-Term Partner.

TESTIMONIALS

Client Success Stories:
Hear What Our Clients Say

ARV had an exceptional project management skills and unwavering commitment to excellence have transformed our goals into remarkable achievements.

Christopher Ramiz
Project Manager

ARV high-quality work consistently exceeds expectations, setting a new standard for excellence in our industry.

Khalil Hamed
Resident Engineer

ARV meticulous company planning and unwavering commitment to our success have been instrumental in achieving our goals.

Mark Robert
Procurement Manager

OUR AGENCIES

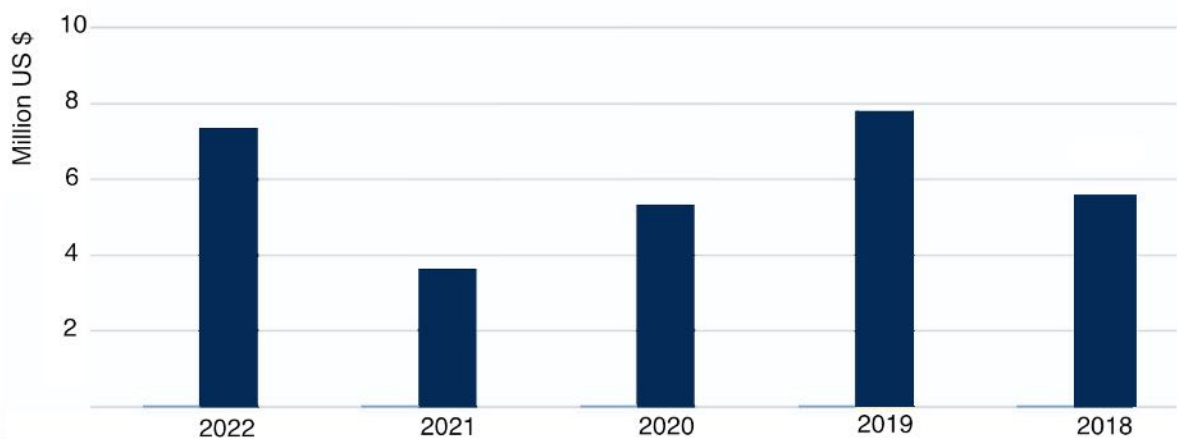

We Proudly Represent a Diverse Portfolio of Esteemed Brands Within the Oil and Gas Sector Through Multiple Agency Partnerships.

OUR CORE VALUES

- Excellence:** We strive for excellence in everything we do.
- Innovation:** We embrace creativity and technology to stay ahead of the curve.
- Client-Centric:** We prioritize our clients' success and satisfaction.
- Integrity:** We uphold the highest ethical standards in all our activities.
- Safety:** Is our paramount core value, ensuring the well-being of our employees, customers, and communities.
- Health:** It is promoting a culture of well-being and vitality for all.
- Environment:** stewardship is our central core value, driving sustainable practices to protect our planet for future generations.

COMPANY'S ANNUAL TURN-OVER

On the year of 2020 and 2021, the world covid pandemic effect take part on affection on our work and projects. Any how we kept positive taking a high safety preparation and we kept forward.

OUR SERVICES

01

OIL AND GAS CONSTRUCTION

Our oil and gas construction services are at the forefront of the energy industry. With precision and expertise, we create the vital infrastructure that drives the oil and gas sector. Our focused offerings include: facility construction, pipeline expertise, infrastructure development, logistics, and safety and compliance.

02

PROCUREMENT AND SUPPLY MATERIALS

Our procurement and supply materials services offer a streamlined and efficient solution for sourcing the materials essential to your projects and operations. We specialize in delivering a comprehensive range of procurement and supply chain solutions including strategic sourcing, supplier management, procurement strategy, material planning, and quality assurance.

03

PROJECTS MANAGEMENT

Our project management services offer a structured and strategic approach to ensure the successful execution of your projects. With a keen focus on efficiency, quality, and results, we provide comprehensive project management solutions including planning and strategy, resource management, risk assessment and mitigation, execution and monitoring, and communication and reporting.

04

PROJECTS ENGINEERING

Our project engineering services are designed to turn your project ideas into reality, combining technical expertise, innovation, and efficiency. We provide comprehensive project engineering solutions that ensure your project's success from concept to completion including conceptual design, detailed engineering, procurement support, construction management, and quality assurance.

05

DESIGN AND PLANNING

Crafting visionary blueprints, our experts meticulously plan and design spaces, infrastructure, and projects that marry form with function, ensuring optimal functionality, aesthetics, and sustainability. Mainly in water treatment projects and infrastructure.

06

PIPELINES SERVICES

We are involving in due-diligence studies, route selection & right-of-way/environmental permitting, gas distribution systems optimization, and Corrosion & integrity management.

07

LOGISTIC AND TRANSPORT

Apart from our solutions and services, we created a sub-business providing efficient moving goods and materials locally and internationally, we offer seamless logistics and transportation solutions for companies, optimizing routes and schedules for timely and cost-effective deliveries.

08

SUSTAINABLE AND ECOLOGIC

Guided by eco-conscious principles, we provide innovative solutions for sustainable practices, promoting environmental stewardship, energy efficiency, and responsible resource management.

OUR PROJECTS

We Build Projects That Last

Overview of some samples
of our projects

1. Supply Centrifugal Pumps with Electrical Motors

Efficiently supply high-quality electric motors to meet diverse industry demands, ensuring reliability and cost-effectiveness for our clients.

2. Building Construction

Deliver innovative and sustainable building construction solutions, creating functional and environmentally responsible structures for our clients.

3. Supply & Installation of Transformers

Supply transformers insulating oil tpm2500 type power 2,5 MVA - 11000/400 v winding copper.

4. RO Plant Construction Management

Lead the Construction Management of a cutting-edge RO Plant, ensuring the timely and cost-effective development of a vital water treatment facility that delivers clean, potable water for communities and industries.

5. Supply Motors

Supply two asynchronous three-phase squirrel cage motors 515 kw.

6. Flow & Transfer Line Installation, Pipe Fabrication & ESP/HP Surface Works

Undertake the Supply and Erection of Pipeline project to establish a robust and efficient conduit system, facilitating the seamless transportation of fluids and resources while adhering to industry-leading safety and quality standards.

7. Supply & Installation of Water Line

Infrastructure project including supply, installation, and commissioning.

8. Construction Project

EPCC Construction Project.

9. Supply of Mobile Substation

25MVA Mobile Substation including commissioning.

10. Supply Dosing Pumps

Supply of 6 pcs. screw and dosing pumps.

11. Infrastructure and Logistic Project

Execute a comprehensive Infrastructure and Logistic Project to enhance transportation networks and streamline supply chain operations, driving economic growth and efficiency in the region.

ISO CERTIFICATES

QES ISO CERTIFICATE

QES International Certification limited, issues this certificate to the Company named below
Having assessed and approved the Company's Quality Management System

AL-RAFIDAIN VISION LTD.
FOR GENERAL TRADING AND CONTRACTING
Al Masbah, Hai Babel, Dist.929, St.2, Bldg. 40, Baghdad, Iraq

The Company conform to the requirements of
ISO 9001: 2015
Quality Management System

The certificate applies to the following scope:
Quality Management System of General Trading and Contracting, Supply Chain Management for Wide Range of Products and Services to The Oil and Gas Industry (Pumps, Electrical Equipment, Instruments and Control, Tools and Maintenance Supplies, Safety and Security Equipment), Water Plant Supply and Project Management.

This approval is subject to the company maintaining its system to the required standards, which will be monitored by QES assumes no liability to any party other than the company named above, and only accordance with the agreed QMS Assessment Agreement.

Certificate Number: QES 2023 QSN 50155 - 01
Approval Date: 15.08.2023
Issued: 16.08.2023
Valid until: 16.08.2028
Certificate Version Number: 01

This certificate consists of 1 page
For any issue related to this certificate, you can contact QES International Certification Limited.
